## Guidelines to Playing it Safe!

### Practice Good Hygiene

- Stop hand shakes and use **non-contact methods**; this includes post-game handshakes.
- Wash hands **regularly** for at least 20 seconds; Use sanitizing wipes after contact with **shared equipment**; Shower and wash clothes **immediately** following practices/games.
- **Disinfect surfaces** like doorknobs, gates, and shared equipment.
- **Avoid touching your face** and cover your coughs and sneezes.
- Players/Coaches must bring their own water/beverage to consume. **No shared fountains/stations/coolers may be used**.

### Sanitize Regularly

- Coaches should **sanitize** shared equipment before and after each practice/game.
- Players are encouraged to use sanitizer **before and after each at bat and when going out to, and coming in from, the field**.
- **Maintenance equipment and dugouts** should be sanitized daily.

### Stay home if...

- You are **feeling sick**
- You have a **sick family member** at home
- Your temperature is **100.4 or above**

### Practice Social Distancing

- **Players/coaches** should space their items at least six feet apart along a fence during practice.
- Players should remain spaced out as much as possible during practices; **workout pods/groups** are encouraged.
- Use of bleachers should be **limited**.
- Dugouts are permitted **during games only**; players/coaches should spread out as much as possible unless actively participating in the game.
- Fans should **bring their own chair or stand** while practicing social distancing.
- **Use of masks** should follow local school district policies.

Proper hygiene stops the spread of the virus.

Handwashing 101

#StopTheSpread

01 Wet your hands before applying soap.

02 Bring your palms together and rub soap all over the palms and backs of your hands, including between the fingers.

03 Wash your hands for at least 20 seconds.

04 Wipe your hands with a clean towel or paper towel and avoid rubbing too vigorously.

2020 Baseball Game Guidelines

STOP! DO NOT ATTEND OR PARTICIPATE IF:

- You are feeling sick
- You have a sick family member at home
- Your temperature is 100.4 or above

Dugouts should be limited to essential personnel - players, coaches, trainers, and umpires

Players must bring their own water/beverage. No shared water coolers or fountains allowed

Spectators are encouraged to bring their own chairs or stand; limit use of bleachers

Coaches must sanitize shared equipment before and after each game

Players should use their own gloves, helmets, and bats as much as possible

Sanitize before and after each at bat and before going out to, and after coming in from, the field

Implement other reasonable measures to ensure social distancing of all in attendance

Spitting sunflower seeds is STRICTLY PROHIBITED

Teams should not shake hands following the game. A non-contact method should be used

No concession stands are permitted

ADDITIONAL GUIDELINES

- Masks are not required; if an individual on the playing field would like to wear a mask, it is recommended that the mask is a solid color

- Interactions with umpires should be limited and done while social distancing

## What To Do vs. What Not To Do

### Do...
- stay home if you or a family member are feeling sick
- notify your coach if you or a direct family member is showing symptoms of COVID-19
- wash your hands regularly for at least 20 seconds
- use sanitizer before and after each at bat and before going out to, and after coming in from, the field
- use your own gloves, helmets, and bats as much as possible
- sanitize any shared equipment before and after each practice/game
- sanitize maintenance equipment and dugouts daily
- practice social distancing
- bring your own water/beverage
- limit use of bleachers for all games
- limit dugout to essential personnel (players, coaches, trainers, umpires)
- limit press box to essential personnel as determined by local school
- acknowledge your opponent following the game with a tip of the cap or other non-contact method

### Do Not...
- attend practice or a game if you or a family member are feeling sick
- attend practice or a game if your temperature is 100.4 or above
- use dugouts during practice
- allow parents to attend/watch practice
- touch your face or mouth
- congregate in a large group (waiting to bat, mound visits, etc.)
- allow the use of plastic face shields
- use shared water coolers or fountains
- share equipment, if possible
- spit sunflower seeds
- shake hands with the opposing team following the game
- open concession stands
