

July 10, 2023

Dear Coach,

Congratulations to you and your team for qualifying for the 2023 State Softball Tournament in Fort Dodge. We are excited to have you here! Certified Athletic Trainers will again be on site for this year's event.

Athletic Trainers will be available each day for taping, first aid, ice, and injury evaluations. Please bring supplies for our athletic trainers to use. The green Army tent located behind Kruger Field near the women's restroom will be utilized for taping and first aid. There will also be an athletic trainer located at Kruger Field and Iowa Central Field during each game. There will be another athletic trainer between Dodger and Veterans Diamonds on the lower fields when those are in use. If an athletic trainer is needed, please contact the nearest worker to any field and they will be able to reach our medical staff. Please know that there is not an athletic trainer at the warm-up and practice fields. If medical help is needed, please contact the closest worker.

If you have an athlete with specific needs, please contact me before arriving in Fort Dodge. If your school's athletic trainer is traveling with the team, please have them email me and contact the athletic trainer on your diamond prior to the game. Feel free to contact me with questions or concerns before and throughout the tournament.

Best of luck at the 2023 State Softball Tournament! We look forward to another year of exciting games!

Sincerely,

BreAnn Drees, MS, LAT, ATC, CSCS
